Sun and Rain Canopy Combination

Be prepared whatever the weather with an SOS sunshade/rain canopy combination.

The one piece rain canopy fits easily over the sun canopy at the first sign of rain. When the sun is out the rain canopy can be stored in the handy zipped pouch, located on the rear panel of the sun canopy, which also protects the back of the seat.

Key features:

- Sun Canopy and Rain Cover available separately or combined
- Can be made to match seat covers or wheelbase colours on request
- Protects against the elements
- Easily fitted and removed
- Can be interfaced onto most third party wheelbases

(Custom made sun and rain canopies available on request)

Sun Shade Canopy

Available for all sizes of MoJo & Miko wheelbases. Avoid the use of clumsy umbrellas that make it impossible to see where you are walking and create a shaded environment and keep sunlight away from the client's face, whilst allowing them to look around and explore the world.

Available in three different colour styles to compliment the wheelchair seat :

Coloured Trim

Two Tone

Standard Black
