# Vertical Stander

## Posture therapy through standing

**Standing is a widely accepted form of therapy for clients with complex postures. The Vertical Stander by SOS is a robust standing aid with tray for functional activity.**

The Vertical Stander is designed to stand clients with correct posture ensuring good alignment in lateral/medial and anterior/posterior planes. Standing helps strengthen, bones and joints with regular use. The Vertical Stander is one of the most robust standing aids available and is suitable for indoor use.

### Key features:

#### Available in 3 sizes

Small, medium and large sizes for children and young adults.

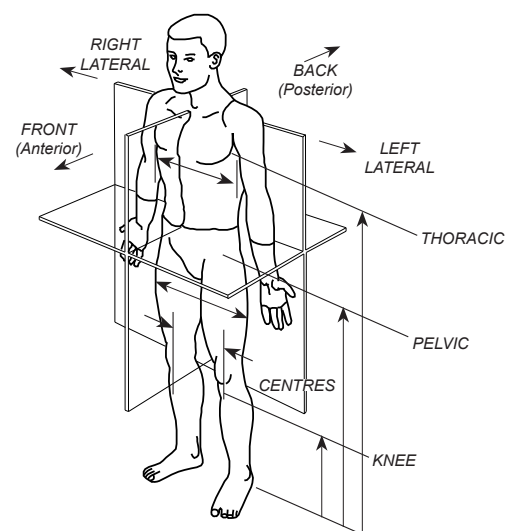

#### Adjustable thoracic, knee and pelvic harnesses with height & angle adjustable tray

#### Removable covers for easy cleaning

Seat covers are made from high quality vinyl and can be removed for cleaning. Available in a range of colours.

#### Designed for heavy use

The Vertical Stander is one of the toughest standing aids available.

**The Vertical Stander can be adjusted to support a range of body dimensions**
