THE MCQUILTONS ARRIVE AT THE JDH

GORDON AND CLAIRE ON A VISIT TO THE GOOD SHEPARD HANDICAPPED CENTRE

The McQuilton Family, one of the biggest supporters of the trip over the past 5 years, arrived in Uganda yesterday, taking the team up to it's final total of 34 members.

Gordon, Claire, Pip and Maggie were given a great reception wherever they went, with people from both MYDEL and MLISADA excited at meeting the family that they had heard so much about.

After touring the site of the new school and MYDEL, the McQuiltons got straight to work, joining in the painting and helping with some rendering.

At 4pm, they were taken to 'Point Zero' where Mr. Karran met the orphans of M Lisada in 2007. They were then given a detailed 'slum-walk' of the Katwe area, ending up at the John Dickens Home.

A special arrival concert was held in their honour, with posters all over the walls to express how happy the kids were to receive them in their home.

On Day Two of the visit, Gordon and Claire (who work very closely with disabled children in England) went on visits to the Kampala Handicapped Centre and the Good Shepherd Handicapped Centre. They were moved by the love of the children they met and will be linking up with these two organisations throughout their stay.
