MR KARRAN WITH A PORTRAIT DRAWN OF HIM BY ONE OF THE MYDEL ORPHANDS

After finishing the painting of The Sick room, the Computer Room, the Head-teacher's office and the kitchen, The -- Tiggers began painting their new classrooms today. The undercoats have now been put on all the rooms and the students were also busy on the staircase.

A separate team has been set-up under the leadership of Mr. Wright to paint the outsides of the house, including a repaint of the Main House, not done since the 2010 trip.

MR WRIGHT'S OUTSIDE PAINTING TEAM ARE HARD AT WORK

All Tiggers are fit and healthy and working hard on site, a real tribute to the way they have managed their health during this trip.

Eliot spoke to the group today about the concept of a team and how he feels about the evolution of the Tigger Team.
